

EYFS Long Term Curriculum Plan Reception

Statement of intent for curriculum in EYFS

In the Early Years Foundation Stage at St Mary's Catholic Primary school and Nursery, we believe in providing a secure foundation for future learning and development for our pupils. We continuously encourage pupils to be independent, curious, creative and resilient learners who show respect for each other, their communities and the environment. Through our teaching and learning strategy, we develop pupils' communication skills, ensuring that they know how to appropriately express themselves and feel heard. By establishing effective and supportive relationships with pupils, our EYFS aims to ensure that pupils feel valued as an individual, are empowered to meet their own needs and enjoy their learning experience whilst achieving the early learning goals.
